CHURCH AND CLERGY.

The latest innovation in English church work is "apple dumpling suppers," which have proved a great suc-

The report is current in Newport, R. L, that the Rev. Walter Rowrie, rector of Trinity church, is to be called to the rectorship of St. Paul's, the American church in Rome, in succession to the Inte Dr. Nevin.

The English bishop of Carlisle said in the course of a recent address, "Any fool can preach above his own head or over the heads of his congregation, but it takes an exceedingly able man to preach a great sermon which ordinary people can understand."

George Frederick Bodley, the English architect, is to design the new Protestant Episcopal cathedral in as England's foremost ecclesiastical architect. He hopes to make the Washington cathedral his masterpiece. Mr. Bodley is in his eightieth year.

Bishop P. T. Rowe of Sitka, Alaska, an Episcopalian, has traversed in rowboat or cance nearly all of the navigable streams of Alaska, has tramped thousands of miles across its frozen wastes, and, it is said, there is not a village or a settlement of any size or importance in his territory that he has not visited.

GLEANINGS.

It is at present an offense to speak sort in Poland.

Only 5 in each 1,000 English people own land. In Russia 140 out of every 1,000 are landowners. The report that the Suez Canal com-

pany intended to dig another caual i Lisbon has an anti-hand shaking soclety. Members who violate the rules are fined 2 shillings, and the money is

expended for lottery tickets for the benefit of the other members. Denmark, famous for her great exportation of butter, has 500 cows to every 1,000 of her inhabitants, and, if five heads are counted to a family,

there are two and a half cows to every An American consul in China was much pleased because of the brisk demand for American trade catalogues. "I would especially like those with thick leaves," a caller said one day. This aroused the curiosity of the consul, and on investigation he found that the catalogues were wanted as inside

soles for shoes.

COLLEGE AND SCHOOL. Slates are no longer used in London schools. The exercises are written on

washable paper with lead pencils. Dr. Clarence J. Blake of Boston announces that he will present to the Howe Military school at Lima, Ind., a modern fireproof library building and science hall. Dr. Blake has been most liberal in his donations to the institu-

A bureau has been established at Budapest for supplying schoolboys with ready written essays and prose and verse compositions and translations in any language at 8 cents a page. The Budapest education authorities have applied to the government to

suppress It. A notable woman is Mrs. C. T. Mills. the venerable president of Mills college. The famous California institute was the first school in the west for the higher education of women, and its venerable president is beloved by hundreds of the leading women of California, Oregon and Washington who have studied under her tutelage.

TRAIN AND TRACK.

Thirty states have state railroad commissions, twenty of which have power to fix rates on purely state traffic. Railroads running within three miles of a county seat in Oklahoma must

and establish a station. A trolley company in Vermont whose cars fall to come to a full stop and display a signal at a grade railroad crossing is subject to a fine of \$25 for each

build a line through the county seat

omission. The Chinese appear to have dropped all their objections to railway building and appear to be no longer alarmed lest the graves of ancestors be disturbed. The most important railway now bullding is that from Peking to south China, which will cover a distance of over 1,400 miles.

We wish to thank our patrons for their generous patronage and extend to all the compliments of the season.
